INTERIM REPORT

CHARACTERISTICS OF THE GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Cool Link (Holdings) Limited (the “Company” and together with its subsidiaries, the “Group”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

MANAGEMENT DISCUSSION AND ANALYSIS BUSINESS REVIEW

The Group is principally engaged in food supplies business in Singapore. During the six months ended 30 June 2020, the Group continued to supply food products to ship chandlers, retailers and customers who are in the food service industry.

For the six months ended 30 June 2020, the Group recorded a loss of approximately S\$58,000 as compared to a loss of approximately S\$0.5 million for the same period in 2019. The decrease in loss was mainly attributable to the (i) increase in gross profit by approximately S\$0.2 million; and (ii) increase in other income and gains/(losses) by approximately S\$0.3 million and offset by the increase in finance costs by approximately S\$0.2 million.

OUTLOOK

Due to fierce market competition in the industry, the international trading market and global widespread outbreak of coronavirus disease (COVID-19), the Group anticipates a forthcoming challenging year. Therefore, the Group will continue its effort to promote its brand as well as to provide quality products and seize business and investment opportunities in various regions.

Furthermore, with the expansion of the warehouse and manufacturing facilities of the Group through the acquisition of a new property in Singapore in March 2018, the Group believes it assists in sourcing new business opportunities for launching new product lines and minimising the rental cost of third-party warehouses, which can improve the Group's financial performance and increasing its shareholders' value in long term.

The widespread outbreak of coronavirus disease (COVID-19) has occurred globally, including Singapore and Hong Kong. The consequence and impact of this outbreak is still manifesting not only in the loss of human lives but in the potential disruption to economic and social activities in the markets that the Group operates in. In light of the recent outbreak of coronavirus disease (COVID-19), the Group has also explored new business opportunities to maximize the interest of the Company and its shareholders as a whole and shoulder its corporate social responsibilities on contributing the society as well as fighting the coronavirus disease (COVID-19). In addition, the Group is taking necessary actions to ensure the impact to our core businesses is minimized, our employees and associates are safe and that our valued customers continue to be served as best as we can.
