

PLT - 418C

Remaco PLT-418C is suitable for medium to large projectors. It has a maximum load capacity of 70kg and a maximum travel distance of 4 meters. With 3 stop positions for kept, operation and maintenance respectively. Projector can be brought down to ground level for servicing purpose when needed.

- 4nos Stainless Steel Cable System
- 3rd Limit Position (good for human height access)
- Ease of Maintenance as motor mounted on Lower Frame above projector
- Electronic Upper/Lower Limit Settings using RF Remote
- Contact Closure Up/Stop/Down from third-party controller

The multi-ways of control allows Remaco lift to be very flexible and user friendly.
